

## EVENT INVITATION

Later this year our three organisations: Birmingham Community Healthcare NHS Foundation Trust (BCHC); Black Country Partnership NHS Foundation Trust (BCP); Dudley and Walsall Mental Health Partnership NHS Trust (DWMH) plan to integrate into one organisation. Our partnership is called Transforming Care Together (TCT) although we will have a new name when we combine as one organisation.

We understand that people may have questions about our TCT partnership and our plans to integrate. You may also want to get involved with the work we are doing.

During August we held three events which gave people an opportunity to learn more about TCT, in particular how we will develop our mental health, learning disability and children's services. We are holding our next mental health event on:

**TCT Mental Health Engagement Event**  
**Wednesday 1 November 2017**  
**1.30-4.30pm (registration from 1.00pm)**

**West Bromwich Albion Football Club, The Hawthorns, West Bromwich B71 4LF**

At the event you will get an opportunity to hear about the feedback we have received so far and how this will help us develop our plans.

We will also share more information about our plans to develop mental health services and how you can be involved.

More importantly we want to hear from you!

There will be plenty of time to contribute to discussions about what is important to you. You will be able to share your ideas and experiences, ask questions and sign-up to receive regular updates on our plans or to get more involved!

### Who is the event for and who can attend?

Anyone interested in our partnership and the work we are doing to develop mental health services.

You may be a service user, carer, family member, governor, member of our trust or a member of the public.

You may work in the health and care system or voluntary sector, or have an interest in health and wellbeing services in your area.

The event is open to all and all are welcome.

### How do I register?

Please let us know if you are planning to attend.
